# NEW TO THE ATLAS FLEET LIEBHERR LTM 1750-9.1

The key feature of the 9-axle LTM 1750-9.1 is that it can carry its entire telescopic boom on public roads. Its high load capacities and variable boom Systems enable it to cover a wide range of uses. In terms of its construction, this Liebherr mobile crane is designed for particularly short set-up times.

Features:

Max. load capacity	900 t
Telescopic boom	171 ft
Max. hoist height	505 ft
Max. radius	365 ft
Number of axles	9
